ABOUT WSU VANCOUVER

As an urban campus of the Washington State University system, WSU Vancouver offers big-school resources in a small-school environment. We provide access to baccalaureate-level and graduate education to benefit the people, communities and economy of Southwest Washington. The only four-year research university in this part of the state, WSU Vancouver helps drive the region’s economic growth through relationships with local businesses and industries, schools and nonprofit organizations.

LEADERSHIP

Chancellor Emile “Mel” Netzhammer
