

Biology (Pre-med option)

College of Science

Description

Planning to go to medical school? Pre-med students may fulfill pre-requisite requirements for application to medical school by completing a Biology degree. Faculty advisors will assist you in choosing coursework to prepare for the MCAT, improving your interviewing skills, and arranging internships and volunteer opportunities at local hospitals and clinics. We help you get the experiences you need to become a strong candidate for medical, dental, pharmacy, veterinary, or other health professional school.
